2.5f(1) Informational Report – Emergency G-11 Allocations				
1 \$260,000 Humboldt 01U-Hum-169 29.18	Near Weitchpec at 0.7 mile east of Rube Ranch Creek Bridge. During the weekend of December 27-30, 2002 heavy rain caused a slip-out at the edge of the travel way causing the pavement to crack. The stability of the roadway was compromised and the roadway was in imminent threat of complete failure. This project will place a rock buttress to support the roadway and prevent complete failure.	444501 SHOPP Emergency	2002-03 302-0042 302-0890 20.20.201.130 201/130	\$260,000 - \$260,000
Initial G-11 Allocation: 02/05/03: \$260,000				
2 \$300,000 Mendocino 01U-Men-1 38.65	Near Elk at 1.5 miles south of the Navarro River. In December 2002, 20 inches of rain fell along the Mendocino coast heavily saturating the subsurface of this section of highway. The whole roadway prism continued to move causing severe cracking and settlement in the southbound lanes. This project will install a rock buttress wall to support the slope on the west side, place an underdrain on the eastside to intercept subsurface water and reconstruct the damaged section of the highway.	444301 SHOPP Emergency	2002-03 302-0042 302-0890 20.20.201.130 201/130	\$300,000 - \$300,000
Initial G-11 Allocation: 02/04/03: \$300,000				
3 \$275,000 Mendocino 01U-Men-1 36.6	Near Elk, north of Greenwood Creek. In December 2002, record rainfall and high wind and surf caused severe coastal erosion along the Mendocino coast. At this highway location the edge of bluff eroded and migrated from 8 feet away to directly the edge of pavement severely undermining the southbound lane. This project will realign the highway away from the bluff and reconstruct drainage.	445001 SHOPP Emergency	2002-03 302-0042 302-0890 20.20.201.130 201/130	\$275,000 - \$275,000
Initial G-11 Allocation: 02/05/03: \$275,000				

Project # Amount County Dist-Co-Rte Postmile	Location Project Description Allocation History	EA Program	Budget Year Item # Program Codes	State Federal Total Amount
2.5f(1) Informational Report – Emergency G-11 Allocations				
4 \$460,000 Mendocino 01U-Men-1 48.18	Near Albion at 0.13 mile north of Little River Bridge. Heavy rainstorms and high wind and coastal tides during last December and January eroded the highway at this location and threatened the collapse of the southbound lane. This project will rock buttress and reconstruct the slope, shoulder, structural section, and repair/replace guardrail as needed. Initial G-11 Allocation: 02/19/03: \$460,000	445801 SHOPP Emergency	2002-03 302-0042 302-0890 20.20.201.130 201/130	\$460,000 - \$460,000
5 \$200,000 Mendocino 01U-Men-271 20.5	In the Town of Piercy. Initial emergency occurred last December 27, 2002 following heavy rains when a land slide caused the closure of Highway 271 and the weakening of the embankment supporting the shoulder of adjacent Highway 101. Before work started on this slide, another slide occurred approximately 150 feet to the north. This supplemental covers repair costs on the second slide. Initial G-11 Allocation: 01/10/03: \$300,000 Supplemental Allocation: 02/19/03 \$200,000 Revised Allocation (G-11): \$500,000	443801 SHOPP Emergency	2002-03 302-0042 302-0890 20.20.201.130 201/130	\$200,000 - \$200,000
6 \$600,000 Colusa 03U-Col-20 2.5	Approximately 20 miles west of Williams. The cut slope has been failing resulting in soil, including rock boulders, to roll onto the highway. Two sets of K-rails were set up to prevent large boulders from rolling onto the highway. The continued saturation of the slope can result in a complete slope failure and loss of highway. This project will remove all loose material, layback the slope, dispose of material, re-grade the slide area and apply erosion control measures. Initial G-11 Allocation: 01/27/03: \$600,000	4C3801 SHOPP Emergency	2002-03 302-0042 302-0890 20.20.201.130 201/130	\$600,000 - \$600,000
7 \$350,000 El Dorado 03U-ED-50 36.4	Approximately 0.8 mile west of Bridal Veil Falls Road. The December 2002 rainstorms weakened the soil on the steep cut slope at this location resulting in soil and large rock boulders rolling onto the travel way. This project is for the removal of loose rocks/debris on the slope, laying back and rounding the cut slope, placement of erosion control measures and the full reopening of Highway 50. Initial G-11 Allocation: 01/24/03: \$350,000	4C5501 SHOPP Emergency	2002-03 302-0042 302-0890 20.20.201.130 201/130	\$350,000 - \$350,000

Project # Amount County Dist-Co-Rte Postmile	Location Project Description Allocation History	EA Program	Budget Year Item # Program Codes	State Federal Total Amount
2.5f(1) Informational Report – Emergency G-11 Allocations				
11 \$6,118 Santa Cruz 05U-SCr-9 10.8	Between Ben Lomond and Boulder Creek. Initial emergency occurred over one year ago when heavy rains in late 2001 caused a slip out on the east side of the highway posing a threat to highway stability. Initial project involved the realignment of the highway to the west and the repair of underground utilities that became exposed posing a severe environmental threat to the San Lorenzo River. This supplemental request is for the payment of the last invoice and to close out this contract. Initial G-11 Allocation: 01/18/02: \$250,000 Supplemental Allocation: 02/18/03 \$6,118 Revised Allocation (G-11): \$256,118	0H6201 SHOPP Emergency	2001-02 301-0042 301-0890 20.20.201.130 201/130	\$6,118 - \$6,118
12 \$1,300,000 Los Angeles 07U-LA-47 3.6	At the Commodore Schuyler Heim Bridge (Bridge #53-2618) in Long Beach. On November 1, 2002, both fender systems protecting the bridge bents (support towers) were destroyed by a tug boat operation. Clean up and repairs began immediately to protect the bridge supports under the initial allocation. As work progressed, the full extent of the damage (especially under water damage) became evident. This supplemental request is necessary to complete the full repairs, which involve pile driving, fender and catwalk construction. Initial G-11 Allocation: 11/11/02: \$900,000 Supplemental Allocation: 02/05/03 \$1,300,000 Revised Allocation (G-11): \$2,200,000	4J4701 SHOPP Emergency	2001-02 301-0042 301-0890 20.20.201.130 201/130	\$1,300,000 - \$1,300,000
13 \$332,000 San Bernardino 08U-SBd-10 Various	At various locations. On July 24, 2002, the Governor ordered State agencies to immediately launch the Child Abduction Regional Emergency (CARE) Alert (Amber Alert) system. The statewide inventory of Changeable Message Signs (CMS) relies on incandescent light sources. This project upgrades CMS to xenon or Light Emitting Diode technology to improve reliability and legibility. This project will upgrade CMS at eight locations. Initial G-11 Allocation: 02/19/03: \$332,000	0C9001 SHOPP Emergency	2002-03 302-0042 302-0890 20.20.201.130 201/130	\$332,000 - \$332,000
14 \$134,000 San Bernardino 08U-SBd-330 41.5	Near Running Springs approximately 0.3 mile south of Live Oak Drive. On January 21, 2003, a sinkhole developed on the southbound shoulder. Inspection of the 24-inch drainage metal pipe located 36 feet below ground revealed a collapsed pipe with severe invert corrosion. Additional precipitation threatens additional soil loss and possible loss of the highway. This project will install a replacement culvert and abandon the old culvert. Initial G-11 Allocation: 02/04/03: \$134,000	0E2401 SHOPP Emergency	2002-03 302-0042 302-0890 20.20.201.130 201/130	\$134,000 - \$134,000
